

Our aim is to provide high quality care and treatment in a relaxed, comfortable and safe environment. We are committed to continuing education and keeping abreast of advances in modern dentistry. To ensure we maintain the high standards our patients have come to expect it is becoming increasingly important for us to accurately match the needs of our younger patients and therefore with this in mind we have joined with DPAS Limited and developed our "Kids Care" Plan.

This plan will be administered by DPAS who will make a separate arrangement with you to manage your payments under the plan. The plan will provide advantages both to you and to us. It will allow us to plan your child's dental care more effectively and provide the best chance of keeping your child dentally fit. The advantage for you is that it should minimise your child's need for fillings and extractions and you will have the peace of mind that all of your child's preventive dental care will be covered by convenient monthly payments. Our plan also provides worldwide Supplementary Insurance for dental emergencies or dental injuries whilst at home or abroad (see overleaf) – essential cover for the rough and tumble of childhood.

### Your benefits

- the cost of your child's preventive dental care is included
- payment by convenient monthly Direct Debit, allowing you to budget
- guaranteed registration with the practice and continuing access to your child's dentist
- no need for an assessment – you can enrol your child immediately
- early identification of dental problems to prevent pain, discomfort and inconvenience
- appointment times to suit your child whenever possible
- access to a 24 hour dental emergency helpline 365 days per year
- worldwide Supplementary Dental Injury and Emergency Insurance (see overleaf).

### What does our children's plan include?

#### L&H Dental Care key benefits:

- extended preventative sessions twice per year with your dentist including oral health check
- hygiene schedule tailored to your child's individual needs
- providing protective fissure sealants, where appropriate and resealing/repairing as required
- routine dentistry such as necessary fillings and extractions (excluding wisdom teeth).
- three monthly application of fluoride to help prevent decay
- 20% Reduction in custom made mouth guards
- 10% Reduction for cosmetic work
- membership card with 24 hour helpline numbers for dental emergencies at home or abroad
- worldwide Supplementary Dental Injury and Emergency Insurance (see overleaf).

### How do you join our plan?

We carry out an assessment to ensure that our plan will meet your needs and you will be advised of the monthly amount to pay to cover all your routine dental treatment and the charges for management and administration payable by you to DPAS.

Then joining is very simple. All you have to do is complete a registration form for us and a Direct Debit mandate and authorisation form for DPAS.

In addition to your first monthly payment, an initial registration fee of £10 per person will be payable by you to DPAS and will be included in your first Direct Debit payment.

If you choose to leave the plan for any reason you can do so by simply giving us one month's notice.

### What is excluded from our plan?

Although non-routine services are available from the practice, some items fall outside the scope of the plan and are not covered by the monthly payment namely:

- fees for specialist treatment on referral
- private orthodontic treatment
- Root canal treatments subject to a £50.00 fee for files.

Treatment not covered by this plan can be paid for separately.

### What happens in an emergency?

You will have access to a 24 hour, 365 day worldwide dental emergency helpline, which will endeavour to find an English speaking dentist to assist you.

### Any questions?

If you have any questions about our plan, please contact our reception team who will be happy to provide further information and guidance.
